

Ash residue in Morwell roof cavities project

January community forums

The Department of Health and Human Services (DHHS) is hosting community forums to share the preliminary results of the Ash residue in Morwell roof cavities project in January 2017.

Day 1 – Monday 23 January 2017

Session 1: 12.30pm–2.30pm
Session 2: 3pm–4.30pm
Location: Morwell Bowls Club
52 Hazelwood Road
Morwell 3840

Day 2 – Tuesday 24 January 2017

Session 1: 3pm–4.30pm
Session 2: 5.30pm–7pm
Location: Italian Australian Sporting Club
499–501 Princes Drive
Morwell 3840

You are invited to attend a community forum about the Ash residue in Morwell roof cavities project.

This is your opportunity hear about the preliminary results of testing, ask questions and provide feedback face to face with the project team from Senversa and project team members from the department.

Come along to find out more about:

- Preliminary results
- Comparison between Morwell and Rosedale results
- How we will share the results
- Final project report and next steps.

We want to hear from you

Please come prepared to ask us questions and provide feedback:

- How have you found the project process so far?
- Has there been enough engagement with the community?
- What unanswered questions do you have about ash residue or other dust in Morwell roof cavities?

To help us prepare for the forums, please send us any specific questions you would like to be addressed. We will endeavour to respond to your questions during the forum, or in future community updates if the information is not yet available.

RSVP: By email: ashproject@dhhs.vic.gov.au By phone: 1300 761 874

Please RSVP by Wednesday 18 January and let us know which day and session you will attend.

Please let us know if you have any dietary requirements, or if you require assistance with transport or access.
